

Iridium 9505A

Small, light and water resistant, at 6.2" and only 13.2 oz, the 9505A is the world's workhorse handheld satellite phone.

Whether it is disaster relief or your latest assignment, don't be caught without communication capabilities. Offering a rugged design which is water, shock, and dust resistant the 9505A is ready to handle the tough environments associated with work and travel in remote locations.

The 9505A offers voice and global SMS (texting) capabilities. With the optional Data Kit, the 9505A can also transmit and receive data at 2.4 kbps via its RS-232 data port. Additional optional equipment includes a fax adapter for standard G3 fax machines and docking stations for home, car, or marine applications. Add an available solar panel/battery kit and you can become virtually independent of standard power sources.

The 9505A delivers up to 3.2 hrs of talk time and 30 hrs of standby time. The 9505A Standard Kit includes a rechargeable Li-Ion battery, AC charger, 5-piece international plug kit, leather holster, DC charger, magnetic mount car antenna w/1.5m cable, antenna adapter, hands free earpiece, and user guide. For users operating in severe environments, a Pelican Hard Case is available to provide protection from moisture, dust, and impact.

Outfitter Satellite can tailor a prepaid or postpaid service plan to meet your individual usage needs. Outfitter Satellite also offers its customers knowledgeable 24/7 technical support to keep you running when you need it most.

With Iridium's global coverage, the 9505A is the ideal remote location communications option.
